

Manual Workshop Press

This 50 ton Manual Workshop Press comes with a pump handle that can be operated either by hand or by foot. The heavy-duty fixed cylinder works in coordination with the adjustable height work table. The working width of this press is 750 mm and it weighs a hefty 340 kg.

This press comes with an integrated pressure manometer that is mounted on the press front and centre so that the operator can clearly see the pressure being applied in order to carry out the most precise pressing operations.

Along with a heavy-duty frame built from top quality steel the main piston is chromed assuring a lifetime of quality operation and in addition the piston returns automatically by opening the flow valve after the pressing operations are complete.

This press is manufactured in the Netherlands and is **CE Certified** and is readily available from our stock. This machine has a **2 year warranty**.

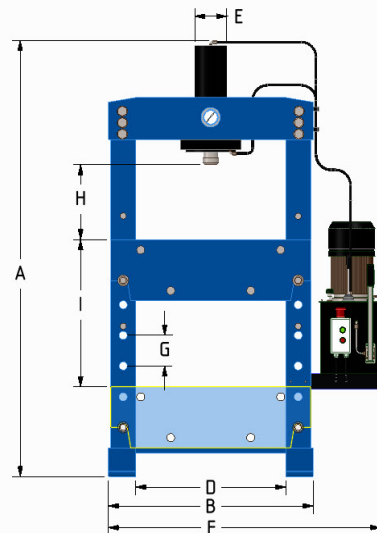

Features

- V-Block sets
- Hand & foot operation
- Fixed cylinder
- Adjustable work table
- Pressure manometer
- Chromed piston
- Automatic piston return
- V-Block set
- Heavy Duty frame construction
- High quality hydraulic components

50 TON HF2

Technical Specifications

Pressure Force (kN)	490.5
Maximum Pressure (bar)	399.5
Movable Cylinder	No
Piston Stroke (mm)	160
Oil Capacity (dm)	2.5
Working Width (mm)	750
Weight (kg)	340

Dimensions

A	2025
B	910
C	764
D	750
E	300
F	1085
G	115
H	140
I	920
J	336
K	140

Main Cylinder Diameter	140 mm
Piston Rod Diameter	50 mm
Piston Head Diameter	60 mm
